

**ENPHA 2025 Environmental - Trees and Trails Report**  
**Submitted by Ty Drake**

**Trees** – No projects in regards to planting, spraying or treating trees were addressed in 2024.

**Chipping** – No information has been posted about the Summit County chipping program for 2025. For more information on dates and type of slash that is allowed, please visit the county's website at <https://www.summitcountycolorado.gov/885/Chipping-Program>. As a reminder, your slash/chipping piles may only be placed on the street **2 weeks prior** to the week of your scheduled pick-up. Independent of the county's chipping program, owner's are responsible to maintain their property for defensible space.

**Trails** – We had a great turn-out for our annual work-day in 2024. Thank you to all the volunteers. Pending the release of the Summit County chipping program schedule, we will host another work-day this year on Saturday, June 21st and will continue our focus on the HOA open spaces. This is a volunteer activity and it can be strenuous, but we will provide lunch. More information to follow in the spring.

When hiking please notify [tdenpha@gmail.com](mailto:tdenpha@gmail.com) with trail concerns. A trail map for our community can be found on our website under the Homeowners tab.

**Wildfire Preparedness** – The Town of Silverthorne continues to emphasize dead tree removal, so please contact the board if you identify any trees that are dead and pose a hazard, whether standing or fallen.
